

St James Church and St James, Isle of Grain, Parish Council would like to say thank you

to all who made our Remembrance week-end so special.

Over 1,200 poppies were knitted by ladies from Grain, our 'Tommy' was created by Iveta Kuze, Year 3 school children made a fitting display for those lost from this village, Rev. J Wright designed the peace tree. The silhouettes both outside and within the church were sponsored by local businesses and members of the community and very emotive. Our grateful thanks go to those that came along to put it all together.

We also thank Grain Fire & Rescue team for supplying the sound system and, together with Friends of Grain Coastal Park, lit the beacon and Jasper, Sarah and Amanda for ringing the bells.

Our biggest thanks go to those who attended and supported all that was organised to mark the 100th anniversary of the WW1 armistice.

All your generous donations received - totalling £300.00 - will be sent to The Royal British Legion and other charities that support our armed forces.
